

Witness To Derailment Says

Freight Train Going Faster Than Usual

A witness to the derailment late Monday of a Santa Fe Railway freight train in Canyon said the train was going through town at a higher than usual rate of speed.

Juanita Martinez, who was working in the kitchen of her home at 409 1st Ave. at the time of the incident, said the eastbound freight attracted her attention because of its high rate of speed.

Thirty-one of the train's 75 cars derailed in the southwest end of Canyon about 7:20 p.m. Monday causing damage estimated in excess of \$150,000. Most of the cars carried produce and some were empty. No one was injured.

Miss Martinez, whose kitchen faces the railroad tracks near Consumer's Elevator, said she looked out her kitchen door as the train passed because she was startled by its high rate of speed.

"When you've lived down here a long time, you can tell how

fast the train's going by its sound," she said. "I looked up and saw one of the cars rocking back and forth, back and forth from side to side."

Miss Martinez said as the car rocked it made a loud noise and then suddenly the car behind it flipped over.

"It made a loud explosion, like thunder," she said. "Then all this other stuff happened." She pointed to 30 cars smashed along the right-of-way.

"The engine just went flying past," she said. "It was going faster than usual."

A railroad spokesman said the train was going about 55 miles per hour. It is a through train--from the West Coast to Chicago.

Debris and scattered pieces of railroad cars were strewn along about 200 yards of the track. Rails were torn from the ground and railroad communication poles were broken.

The railroad said Tuesday the accident was caused by a

loose wheel on one of the lead cars, which was filled with potatoes.

Canyon firemen were called to the scene when one of the box-cars appeared to be aflame. After an intensive search by policemen and firemen, who believed it to be caused by a carload of naphtha, the fire was found to be a smoldering fuel tank on a refrigerator car.

Santa Fe officials said the derailed cars carried mostly potatoes, onions and peaches. A carload of naphtha was found several cars in front of the derailed section.

H. G. Lockhart of Amarillo, conductor of the train, which had taken on an Amarillo crew in Clovis, N. M., said he had no indication of trouble with the train until the accident began.

Likewise, Kenneth Willie of Amarillo, head brakeman, said he was riding in the engine, but "didn't see anything until it started piling up."

H. R. Brown of Amarillo was engineer.

A Santa Fe spokesman said a siding had been readied for through train traffic by 2:50 a.m. Tuesday and the first trains began running through about 3 a.m.

He said he couldn't estimate how long it would take to completely clear and repair the tracks.

Several railroad signal lights were also damaged, as was a portion of a fiberglass siding at Canyon Plastics.

Monday night's derailment was the fourth in as many years on the same portion of track.

Four years ago, a Kentuckian, Kenneth Lee Turner, was killed in the derailment of 34 freight cars.

That derailment came just a few months after another at the same location in March, when several cars loaded with liquid gas left the track.

Water Goal Is \$10,000

A goal of \$10,000 was set by Randall County Water Association board of directors Tuesday for promoting passage of Amendment II in a state-wide election Aug. 5.

The amendment would authorize the Texas Water Development Board to issue \$3 1/2 million worth of water bonds or development of water re-

sources.

Dean Rea, Tulsa, associate director of Water, Inc., told directors at a Tuesday morning meeting that the amendment would allow the water board to enter into contracts with the federal government, to receive federal grants and to borrow money from the U. S. government.

Rea pointed out that issuing of such bonds will not be a burden to the taxpayer since they will be revenue bonds and will be paid off through sale of water.

Overall plans call for importing water to the state and to the High Plains from the lower Mississippi River. Proponents hope this water will reach the Plains area by 1985.

Rea said the entire state would benefit. He noted the industrial, municipal and agricultural aspects of the project. Imported water would also provide vast recreational potential for the southern part of the state.

Areas which provide feeder cattle for the huge new Panhandle feed yards will be deprived of a market for their cattle if Panhandle water plays out in the next two decades, Rea declared.

"We need to tell all the people of the state that they will benefit directly," he went on.

"This amendment must be passed," said the Water Inc. official. "We need to go to the next congress and ask for an appropriation. The people of Texas must show a willingness to cooperate."

"We've got to have the votes of Dallas, Fort Worth, San Antonio and Houston. They will determine whether it will pass." Rea said an estimated \$200,000 will be required for

mounting a state-wide campaign for passage of the amendment. Quota for West Texas is \$100,000.

A number of dryland farms in the area will come under irrigation with arrival of Mississippi water, the speaker told the directors. He expects the amount of irrigated land in Randall County to be tripled with tremendous impact on the economy.

J. I. "Jim" Fletcher is president of Randall County Water Association which was formed last spring. Minimum annual membership is \$10.

An intensified membership and fund campaign has been undertaken. Anyone wishing to join the association may do so by mailing dues to Randall County Water Association in care of Canyon Chamber of Commerce.

Rass B. Elliott, 76, Dies; Funeral Held

Rass Brown Elliott, 76 years old, prominent Canyon and Randall County farmer, died Monday in Nebbett Hospital.

He had been under treatment for a heart condition for some time.

Funeral services were held Wednesday in LaGrone Funeral Chapel. Officiating was Rev. Frank Peery, pastor of First Methodist Church.

Mr. Elliott was born Dec. 2, 1892 in Liberty, Kentucky. He moved with his parents to Arizona and was married in 1923 to

Miss Ruth Burum in Glendale. A few years after their marriage, the Elliotts moved to Spearman and then in 1930 moved to Randall County.

They farmed a place owned by her father.

From there they expanded their holdings and during his years here Mr. Elliott operated Farmers Elevator and was a partner in a farm equipment company.

At the time of his death he was farming some eight sections and (See ELLIOTT, Page 9)

Offices Won't Join Merger Postponed

The Canyon School Board and the mayor of the city agreed Tuesday night that, because of a legal entanglement, the two entities should not enter into a joint tax office this year.

The board also rescinded a May 21 decision to prorate school taxes for residents of the former Umbarger Common School District. The action was taken after the board obtained a legal opinion from a Dallas law firm.

Following approval by City Commissioners, city attorney Elton Cox will draw a contract for consolidation of the school and city tax offices effective next year.

The commission had previously approved consolidation of the two offices, but Cox later found that a state statute forbids joining offices when the contracting agency (the city) has a higher tax valuation than the servicing agency (the school district). The city's tax valuation is 50 per cent and the school's is 40 per cent.

Arrest May Clear Several Area Thefts

The arrest Saturday of a 17-year-old Amarillo boy may have cleared up at least six recent burglaries and similar crimes in the Amarillo area.

Jeffery Victor Pair of 1312 Buchanan was arraigned at 2:30 p.m. Monday before Justice of the Peace Bill Wilson on a charge of driving an automobile without the owner's consent, a felony offense.

Upon his arrest for driving the vehicle, officers say Pair admitted to five other crimes, one of which led to the arrest of another 17-year-old Amarillo boy.

Guy Michael Cook, also of 1312 Buchanan, was arrested Saturday and arraigned Monday before Judge Wilson on a charge of auto burglary, a felony offense.

Wilson set bond for each at \$1,000.

Pair is charged with driving the car of Raymond Lambert of 3202 Julian, apartment 127 during the night of June 13-14. He told officers he was walk-

"I really don't see an answer to it this year," Cox told school board members Tuesday. He appeared before the board with Mayor Paul Lindsey.

"It would be practical to go ahead as we are this year," said board president J. O. Parker, "and then review the thing about Jan. 1."

Music Camp To Bring 865 Students To City

A total of 865 junior high and high school students have been accepted for the 17th annual West Texas Music Camp to be held at West Texas State University July 13-25.

For the first time in the history of the camp, students were turned down because the camp was filled to capacity. More than 140 students were turned down for camp this year.

Students not accepted are placed on a waiting list. When cancellations occur, students waiting will be notified according to the date of application.

The enrollment is a record high for the camp. In 1968, enrollment topped 800 for the first time with 820.

"About 50 per cent of the students enrolled are from Midland, Odessa and Monahans," Dr. John E. Green, camp director and WTSU dean of the School of Fine Arts, said. A total of 71 towns are represented from Texas, Oklahoma, New Mexico, Kansas, California and Arizona, he said.

Camp students must have completed the seventh grade. They will receive instruction in orchestra, band, drum majoring and twirling as well as section instruction and private lessons. A number of recreation activities are also planned.

Instruction in band includes honors and symphonic bands, which are made of the most advanced instrumental players in

The mayor agreed. "It would probably be a better thing to wait. We could discuss it some more and get ready for it then."

Joe Gill, board member, said he feels the consolidation "would certainly be illegal," this year and because of this "we have to overlook this year."

Parker suggested the contract be drawn up now and ratified so work can begin next year as a consolidated office.

The mayor said the city can go ahead with present personnel and prepare a tax roll for this year.

camp. Concert and varsity bands are composed of high school musicians who have not yet qualified for honors or symphonic bands.

Eighth and ninth grade students may be in junior honors band, junior symphonic band or junior concert band. Students may also participate in reading bands, volunteer organizations of high school and college students whose function is to read recent releases and demonstrate new materials.

A director's band will also play during the session. About 50 directors are expected to attend camp.

The string orchestra and symphony orchestra each re-

Enrollment At WTSU New High

West Texas State University set a new record high in summer enrollment with a completed total of 2,848 for the first summer session, according to Dr. Donald Cates, registrar and director of admissions.

This total is 173 more than last year's 2,675. "The difference is more than we expected," Cates said.

Cates said enrollment is expected to drop for the second summer session. Last year enrollment dropped from 2,675 the first session to 1,949 the second.

Registration for the second summer semester is July 14-15, with late registration extending through July 19.

Hail Wipes Out Crops In East Part Of County

The smiles of farmers' faces last weekend because of gentle, slow rains turned to frowns Tuesday night as a short-lived but powerful hail storm passed through the county.

Damage to crops was restricted mainly to the eastern portion of the county, with as much as 90 percent loss to wheat crops reported.

There was heavy property damage in South Amarillo, Sheriff L. S. "Slim" Johnston said he had a crew of deputies checking the urban area most of the night.

Store fronts and residential

windows were smashed. No looting was reported. The sheriff said patrolling was hampered by heavy fog which arose from warm, ice-laden streets.

The hail, reported to be about marble-sized, damaged little but trees in Canyon as it cut a furious swath to the south about 11 p.m.

The West Texas State University weather service reported the storm left about .55 inches of moisture in its wake. This amount raises the monthly total to almost 4 inches and the total since Sunday of almost 3/4 inch.

Don Dolle of the soil conservation service reported that most of the hail damage was confined to crops east of the city.

No hail was received at Umbarger.

Dolle said Charlie Conatser, who lives southeast of Canyon, reported that his wheat crop "was wiped out."

He said Conatser received about an inch of rain.

Dolle said within about a two to three mile radius of the Conatser farm, reports indicated (See HAIL, Page 9)

Lady A Spinster, But Loving

Lady may be a spinster-type, but she has a definite yearning for motherhood.

Whether she can't have pups, had them and they died or isn't even interested, isn't known. She's made up for her own childlessness, anyway.

A half-beagle, half-chihuahua, Lady is owned by Mr. and Mrs. Richard Edwards of Canyon and they say up to now she's been a gentle dog.

But, she has an adopted family now and any motion toward her step-offspring inspires her ire.

Last Thursday, the Edwards' cat, Sissy-Pet, had three black and white kittens. Since then, about the only motherly chore Sissy-Pet has performed was the delivery.

The Edwards don't know whether Lady just took over mothering or whether Sissy-Pet relinquished, but it's obvious that Lady considers herself guardian and keeper.

"This is the only time that (See LADY, Page 9)

Lady watches over her adopted kittens with an eye out for any intruder.

FROM THE CANYON RIM

When a judge is named to fill the bench of a new court for Potter and Randall County I hope that Governor Preston Smith will forget politics.

We hear a lot about law and order and backing our law enforcement officers.

Law enforcement can be no stronger than the judiciary.

We need integrity and stature on the bench above all.

Three or four people have indicated a willingness to serve as the new judge.

Sources close to Senator Grady Hazlewood say the old gray fox from Canyon will not run for office again.

If this is true, then we had better be looking around for someone to replace him. Off the top of my hat I would recommend Wales Madden, if he will take it.

Wales is no stranger in Austin. He can walk into the state house and serve as a full-fledged senator from the first day.

His voice will be heard with respect in the state's council halls.

This is more than we could expect from any other man we would send to replace Grady. Almost any other man we would send from this area would have to serve an apprenticeship in the Senate.

I have talked to Wales. I am convinced he could be persuaded to run.

It would be at a great personal sacrifice but I think Madden has a keen sense of responsibility to this area. I think he would make the sacrifice if enough of us ask him to do it.

The times are crucial for this area of the state. The Panhandle cannot afford the time it would take to train a senator.

To cap it off, although he is nominally a Democrat, I think Wales Madden has the bi-partisan appeal to unite the 31st district on matters of state politics.

When President Kennedy was inaugurated in 1961, there were less than 1,000 U. S. military advisers in South Vietnam.

He had tripled that number by the end of his first year in office and by the end of 1962 there were 11,300 committed. Within a year after President Johnson took office there were 23,300 in Vietnam and by the end of 1965 we were in a full-scale war with 400,000 men involved.

When President Nixon took the oath of office the U. S. had 543,054 troops in Vietnam. Nixon has announced that 25,000 troops will be withdrawn by August and yet his critics already are calling this a "Nixon War."

One of the biggest lies to come out of the Vietnam conflict is the phony quote attributed to President Eisenhower.

The late President is quoted as having said that if elections had been held in 1954 in Vietnam the whole country would have gone communist. I have looked in vain for a valid source for this quote.

I have found none. There is plenty of evidence to refute the allegation that it was ever made.

It is a historical fact that thousands on thousands fled to the South in 1954 to escape torture after Ho took over in the North.

But as Joseph Goebbels--Nazi propaganda minister under Hitler--so truthfully said: "The bigger the lie the easier it is to sell."

H. M. Baggarly, Tulsa editor, has libeled Canyon's Neblett Hospital.

Says Baggarly: "Canyon has several earmarks of a progressive and modern community. But Neblett Hospital isn't one of them."

My family wouldn't trade the service we get at Neblett Hospital for any we have received anywhere and over the past score of years. And we've used hospital facilities at Lubbock, Plainview, Tulsa and Amarillo as well as at Canyon.

From a standpoint of personnel, there isn't a hospital in North Texas that can touch Neblett and that goes for the Tulsa hospital too.

Five doctors are on the staff of the hospital which is operated by a foundation. Some of the state's top specialists use Neblett's facilities, which they seem to think adequate.

If Mr. Baggarly would only check the Neblett Hospital list he would find that a great many people from Tulsa and Happy prefer the Canyon hospital over the Tulsa hospital.

It is a shame that H. M. spent his youth in a profession other than newspapering. If he had started younger he might have gotten some training in the newspaper business. Then he would have known better than to make interperate remarks in print without first having investigated.

It's a pity! It's a pity!

Feast, Fireworks Set For July 4 By Organizations

A watermelon feast and fireworks display are in the planning stages for Canyon residents on July 4.

Various city service organizations are planning the festivities, according to Kiwanian Winston Hall.

Hall said a watermelon eating contest will be held in conjunction with the activities, which will be in Conner Park.

Persons eligible to participate in the contest are youngsters 1-13 years of age. He said the three best watermelon eaters will help ignite the fireworks.

Atlanta Game Will Include WT's Morris

Eugene "Mercury" Morris, all-American halfback at West Texas State University last season, will play in the 9th annual Coaches' All-Star Game June 28 at Atlanta, Ga.

Morris will play halfback in the game which will be telecast over ABC-TV at 8:30 p.m. He will play for the West team, which is coached by Pepper Rogers of the University of Kansas.

O. J. Simpson, former California great, could start in the halfback spot on the team, if he completes signing his professional contract.

Other backfield possibilities are Ron Sayers of Omaha University and Bill Euyar of Oregon State.

Morris has signed a professional contract with the Miami Dolphins, an American League team.

Two Youths To Session In Missouri

Two Canyon youngsters left Monday by Trans World Airlines for a week at Kansas City, Missouri where they will attend the co-op youth leadership camp.

They are Jerry Crain and Linda Hales, sponsored by Consumers Fuel Association at the workshop which is being co-sponsored by Farmland Industries on the campus of William Jewell College at Liberty, Missouri, a suburb of Kansas City.

Study for the leadership camp will include co-op organizations and formulation of a simulated cooperative as well as tours of the Farmland Industries and other sites of the area.

Crain is the son of Mr. and Mrs. Crisler Crain of Canyon. Mr. and Mrs. Jones Hales are the parents of Miss Hales.

Service Award Given Upchurch

Dr. M. L. Upchurch, formerly of Canyon, has received the Distinguished Service Award "for remarkable leadership in the administration of broad programs of economic research."

Upchurch, 54, was reared in Canyon and is a graduate of Canyon High School. His father, the late W. H. Upchurch, was Randall County agent for many years. He is now an administrator of Economic Research Services of Agriculture, U. S. Department of Agriculture.

He holds the B. S. and M. S. degrees from Texas A & M and the Ph. D. from the University of Wisconsin.

A former professor of agricultural economics at Oregon State University, he was a staff member of the Bureau of Agricultural Economics at Berkeley, California and has held positions with the Farm Economics Research Division and the USDA's Bureau of Agricultural Economics. He was named administrator of the Economic Research Services division in 1965.

Our World

BY ANN BROWN

In Washington D. C., a juvenile delinquent was given a premature release from reform school. Three times he was sentenced to prison (auto theft, rape, and grand larceny), and three times he was released on parole or probation.

Within 7 months of his third release he had raped two women, stabbed another 9 times as she knelt in church, and raped a 54 year-old woman he trapped in an elevator.

The police repeatedly arrested him, and the courts repeatedly sent him free to prey on society again.

There is probably no other profession that screens its members as carefully as the police department. The accused rape-slayer of the Mexias school girl apparently thought he had committed another perfect crime, but the screening he received when he applied for a job on the police force trapped him; he was jailed within hours.

The reported \$0,000 personnel deficit in the police department will get worse instead of better unless some drastic changes are made in our social structure. But if 100,000 new recruits were added to the police rolls it would not solve our problems.

In the days of our nation's virile youth, we had a smaller ratio of lawmen than we have now, yet law and order was maintained.

Color Film Of Buffaloes Available

An 18-minute color film, complete with sound, on the West Texas State University football team is available for showings in the Panhandle area.

The film, which was produced by Bill Rhew and narrated by Dick Risenhoover, both of Amarillo, features the top runs of Eugene "Mercury" Morris during his record-breaking 1968 season.

Duane Thomas, the 220-pounder coach Joe Kerbel says could be the nation's top full-back this fall, is also shown during some of his top moments.

Kerbel discusses the 1969 prospects and talks of the five-game home schedule, which opens Sept. 20 against Northern Arizona.

Other home games are against Northern Illinois University, San Diego State, New Mexico State and Bowling Green.

The film is available free of charge to any groups in the area. Interested persons should write to Tommy Bryant, Sports Information Director, P. O. Box 325, W. T. Station in Canyon to reserve the film.

Why?

There were several valid reasons, of course, but two outstanding ones: (1) There was no welfare state. (Men who work hard for a living have very little time for crime.) (2) Justice was swift and certain.

A horse thief was promptly hanged. So horse stealing was not big business as car stealing is today.

In New York it is reported that two managers of super markets have been murdered, and \$50 million worth of merchandise burned because the A & P food chain has refused to take orders from the Mafia.

Why cannot our very efficient police force stamp out organized crime? Simply because public apathy, court leniency, and penal permissiveness make it impossible.

Why should an underpaid, overworked policeman risk his life to apprehend a criminal when both of them know that a jury will probably acquit him. If the jury does convict him, the judge will probably suspend the sentence. If the criminal does go to prison, he will soon be out on parole. What's the use?

There is no shortage of fine young men who would like a career in law enforcement. But in the first place a man must support his family. And in the second place not enough of the caliber of men we need on the police force are willing to spend their lives in a profession that commands so little respect from the people it serves.

It is common to hear a young mother threaten to give her naughty child to "a big, bad policeman." Small wonder so many children grow up fearing and hating the police.

We must increase salaries if we are to even maintain our present police force. In our tax-burdened society, how is it

possible? What about the millions that are spent on court-appointed attorneys and successive trials for criminals? Every lawman in the nation could have had a handsome bonus from the money that was spent on Sirhan Sirhan. Does anyone believe an American assassin would have received that kind of treatment in Arabia? (At least that jury did its duty.)

Americans are getting so spineless they can no longer stand up at home or abroad. If criminals were brought to swift and certain justice, we would not need more police, and there would be ample funds to pay the ones we have.

WT Grad Earns Doctorate

Don A. Rice completed the requirements and was graduated June 3 from the University of Missouri with the degree of Doctor of Education.

Dr. and Mrs. Rice (the former Sara Slagle of Canyon) received their bachelor of science degrees from West Texas State University in May 1966. Mrs. Rice majored in elementary education at WT and has been teaching in the Columbia Public School system for the past three years.

We helped build America. Now we keep it moving.

Santa Fe, in its 101st year is moving toward new ways to serve America's growing need for faster and more efficient distribution methods.

Talk about fast service. We give you "Super C", the world's fastest freight train. Now running as a market-tester for Piggy-Back and container cargos between Chicago, Kansas City and Southern California.

Talk about communications. Our microwave network and data center uses third-generation computers to keep constant control of car movements, and to help develop new methods that serve you better.

How about capital expenditures? During 1969, we're spending \$190 million for new equipment, modernization of facilities and development of new projects.

For our equipment fleet we are acquiring 2,600 new freight cars, 90 high horsepower diesels, 25 remote locomotive control units, 1,263 vans for highway and Piggy-Back service, along with other vehicles.

We're completing a multi-million dollar expansion of our automated freight classification terminal at Kansas City.

We're expanding diesel shops, Piggy-Back and automobile handling facilities for Chicago, Texas and California.

Other major improvements include the replacement of 417 track miles with continuously welded rail and the construction of a 31-mile spur track to serve new sulphur deposits in West Texas.

And we're constructing 2,000 miles of Gulf Central Pipeline to transport anhydrous ammonia from producing areas of Louisiana to the farmlands of central U.S.A.

We want to serve you better, no matter how you want to ship: by rail, by highway, Piggy-Back or container, and by pipeline. And through industrial development, we can provide plant sites across 13,000 miles of one of the fastest growing sections of the U.S.A.

We helped build America. Now we keep it moving.

Recipes For Bride-Elect

A recipe shower honoring Miss Paula Norman, bride-elect of John Warren, was held Saturday morning at the home of Mrs. Kenneth Olsen.

Guests were received by Mrs. Olsen, Miss Norman, Mrs. Ber-

nard Warren, mother of the prospective bridegroom, and Mrs. Earl Norman of Amarillo, mother of the bride-elect.

The bride-elect's chosen colors of yellow and white were used at the refreshment table where fruit and sweetrolls were

served.

Miss Bennett-Winstead Pledge Marriage Vows

Miss Mary Jan Bennett of Anhandle and Roy Merrell Winstead of Canyon pledged double ring marriage vows at the First Methodist Church of Anhandle Saturday evening, June 14.

Rev. J. Frank Peery, pastor of the First United Methodist Church of Canyon, officiated.

Mrs. Don Vance, organist, and Bob Sidmore, vocalist, presented "Whither Thou Goest", "Perfect Love" and "The Lord's Prayer".

The bride is the daughter of Mr. and Mrs. Clyde A. Bennett of Panhandle. The bridegroom is the son of Mrs. Joe M. Winstead of Canyon and the

late Mr. Winstead.

The altar was decorated with baskets of gladioli and daisy mums with two 15-bract candelabra.

Given in marriage by her father, the bride wore a floor-length princess styled piquet dress trimmed with French lace. Her floorlength veil of white illusion was trimmed with matching French lace and she carried a bouquet of daisies and stephanotis atop a white Bible.

Miss Kay Bennett, sister of the bride, was maid of honor. Bridesmaids were Miss Irene Bennett, sister of the bride, and Miss Brenda Winstead, sister of the bridegroom. They wore identical dresses of blue dotted swiss with floor length design and carried colonial bouquets of daisies trimmed with blue ribbon.

Best man was Ronnie Stevens of Canyon. Groomsmen were Neal Bennett of Panhandle and Bill Sanders of Canyon.

Ushering were Mike Rogers of Plainview, Gail Ledbetter of Wheeler, Cliff Gallarneau of Amarillo and Ross Bennett of Panhandle.

A reception in fellowship hall followed the ceremony. The couple took a wedding trip to New Mexico and are establishing their home in Canyon.

Miss Wieck-Hesse Wed At Umbarger

Miss Linda Louise Wieck became the bride of Thomas Michael Hesse in double ring marriage rites at St. Mary's Catholic Church, Umbarger, Saturday evening June 14.

Rev. Matthew Schafle of St. Mary's officiated at the exchange of vows and Mrs. Vincent Ramackers was organist presenting processional and recessional music by Rossini. Orchids and white mums were in the main altar and white carnations with orchid streamers marked the pews.

The bride is the daughter of Mr. and Mrs. John L. Wieck of Route 1, Canyon. Parents of the bridegroom are Mr. and Mrs. Edward B. Hesse of Temple.

Escorted and given in marriage by her father, the bride wore a formal white satin dress with attached train fitted to the shoulders. A row of miniature buttons extended down the train. The gown had a high waistline with a bow and lace appliques from the top of the gown to the hemline. The long sleeves terminated in bridal points atop the wrist. Her shoulder length veil was made of tulle and her crown was three organza roses and lace leaves edged with tiny pearls.

Peggy Haschke of Amarillo was maid of honor. She wore a floor length lavender gown of miramist with neckline accented with a stand-up ruffle. The princess waistline was gathered with an orchid satin ribbon tied in a bow at the back and she carried a cascade bouquet of feathered orchid carnations centered with white roses.

Flower girl was Donna Marie Wieck, sister of the bride. She wore a dress identical to the maid of honor and carried a miniature bouquet of orchid carnations.

Charles Guenat, Jr. of Temple was best man. Ringbearer was Mike Hesse, nephew of the bridegroom. Ushering were Larry Wieck, brother of the bride, from Delhart and Walter Hesse, brother of the bridegroom, from Amarillo.

For travel, the bride changed to a pink dotted swiss dress with a neckline accented with a ruffle. White accessories and a corsage of orchids, lifted from the bridal bouquet, complemented her ensemble.

The couple will establish their home at 1908 Wisdom in Amarillo.

A 1964 graduate of Umbarger High School, the bride graduated in 1966 from Amarillo College and attended West Texas State University. She is presently employed as a legal secretary with Ochsner, Nobles and Baughman in Amarillo.

sion to prorrate taxes from Jan. 1, 1969, to May 16, 1969 for residents of the former Umbarger Common School District, which was consolidated nearly May with the Canyon Independent School District, the board rescinded that decision.
Supt. of Schools Jerry Jacobs said he had contacted a Dallas law firm for an opinion on the prorating of the taxes.
"In his opinion," Jacobs said, "the tax values and tax rate of the Umbarger property must be the same as the other property in the Canyon Independent School District."
Board members also discussed the possibility of putting the school tax rolls on computer with the Steck Co. of Austin.
"I think it would be good business to go ahead and get this set up this year," Jacobs said.
He said computerizing the roll would cost about \$2,400, but would afford a savings of about \$1,000 which is currently spent on receipts and forms in the tax office.
He said after initial outlay for the computerizing, the school "would probably break even."

The board expressed general approval of the move.
Robert Smith, an Amarillo attorney, was hired by the board to collect delinquent taxes in the district.
Smith was instructed to send two letters requesting payment of delinquent taxes before filing suit. He was also instructed to submit any possible suits to the school board before taking final legal action.
He will receive 15 per cent of taxes collected for his services.

A new salary increase bill for teachers was explained to the board by Jacobs, who said the bill is still in doubt because it is attached to the one-year state appropriations bill, which has not yet been signed into law.
He said the bill provides for a large increase during the next school year and increases for each year for eight years.

If the bill becomes law, starting salary for teachers with no experience in the state will be \$5,337 next year, as compared to a present salary of \$4,734.

The board set its next regular meeting as date for accepting bank depository bids for the next two years. They also elected to seek bids under the provisions of a 1967 law article 2832 C.

Jacobs made no recommendation to the board on bids received for laboratory furniture for a science room in the new junior high school. He said he will make a recommendation after further investigation.

Apparent low bidder for the furniture was Homer Brothers with \$32,436. Other bidders were Foremost Equipment, \$38,615; American Desk, \$38,625; and Taylor Manufacturing, \$44,264.

In other action, the board accepted the resignations of Dan Trew, junior high school principal, who has accepted a position at Amarillo College, and Gary Hassell.

The board hired the following teachers pending assignment and contract agreements:

Clark Mires, Loy Bell, Judy Baskett, Beth Norrell, Marilyn Warren, Jane Westberry, Jack York, Tony Williams, Harold Hagemeier, DeAlyss Wood, Mrs. Beverly Plank and Mrs. Geraldine Woodward.

The board also accepted a gift of concrete benches, concrete bird baths and binding of magazines for the school library from the senior class.

In final action, the board met in executive session to discuss consideration of several persons to fill the vacancy of junior high school principal.

Student Wins Morris Suit

A Canyon High School student was awarded \$1,500 damages by a 108th District Court jury last week as a result of a civil suit filed against football star Eugene "Mercury" Morris.

The suit was filed by Mrs. Wanda Jean Mathews of Amarillo for her son, Mark Wayne, 17.

The jury found Morris, all-American halfback at West Texas State University, guilty of assault. Mathews was awarded \$500 actual damages and \$1,000 punitive damages.

The suit stemmed from a beating Feb. 11 administered by Morris on Mathews.

A day and a half of testimony, coming from several actual witnesses to the incident and a few character witnesses, was heard by the jury in Amarillo.

Hail....

(Continued from Page 1)
almost 90 per cent crop damage. Harold Ladehoff, northeast of Canyon, reported he lost his entire wheat crop to the hail, plus a soybean crop. He reported golf-ball sized hail.

Orville Ladehoff who farms 18 miles northeast of Canyon on the Claude Road said he received heavy damage in spots on his place.

He reported hail the size of golf balls and extremely high wind. He said the storm put most of his wheat crop on the ground.

There was .75 of an inch of moisture.

He said windows were broken at his home and there was glass damage to his barn and three tractors.

Happy reportedly received little hail damage.

Dolle said only about two per cent of the wheat in the county has been harvested.

A spokesman at Palo Duro Canyon State Park said the storm produced only about .20 inches of moisture there, with "very little hail."

Walter Graham, who farms south of town, reported no moisture and no hail.

Forrest Gruner, who lives northeast of the city, said about .30 inches of rain fell at their home and that he sustained about 50 per cent crop damage on land about three miles north of his home.

A farmer two miles northwest of Canyon, reported light hail damage.

In the city itself, no major damage was reported either to the sheriff's department or city insurance agencies.

One agent said the damage was confined to screens, roofs and paint on homes.

Cars were also damaged by the hail.

Trees in town suffered the worst pelting from the brief hail spell. Water ran deep in the streets, which were filled with leaves and limbs from trees.

One insurance agent said flat-roofed buildings and homes would suffer more damage from a hail storm than slanted-roofed dwellings.

Elliott....

(Continued from Page 1)
was operating a 2,000-head cattle feed lot.

He was a member of the Christian Church, a member of the board of directors of Neblett Memorial Hospital Foundation and was active in the Texas Cattle Feeders Association.

Interment was at Happy Cemetery, under the direction of LaGrone Funeral Home. Pallbearers were John Royal, Earl Reynolds, Roy Reynolds, C. E. Hayes, Dick Ratjen, John Hardaway, Carl Bryan and Charles Wire Wright. Honorary pallbearers were J. C. McClelland, J. O. Parker, Fowler McDonald, Oscar McDonald, Luther Fronabarger, Jack Ratjen and Dr. Charles Nester.

Survivors include his wife, Ruth; sons, Ross and Stanton of Canyon; a daughter, Mrs. Shirley Payne of Rt. 1, Canyon; four grandchildren; a brother, Simon of Happy; two sisters, Joyce Wheat of Happy and Berntha Wells of Liberty, Kentucky; and his mother, Mrs. Celeste Elliott of Happy.

A son, Charles Ben, preceded him in death in 1961.

dog has offered to bite anyone," Mrs. Edwards said.

The kittens were apparently born last Thursday. At least it was about that time that Lady began refusing to come out from under the Edwards' trailer home. They didn't know the trouble until Saturday when Lady finally came from under the trailer and the Edwards found the three tiny kittens.

The cat and dog have always gotten along with each other and there appears to be no hostility now that Lady has asserted her motherly instincts.

When Lady is tending the kittens, Sissy-Pet simply leaves them alone. In fact, Mrs. Edwards said, Sissy-Pet will have little to do with the kittens.

"She'll curl up on the rug and let the dog take care of the kittens," she said.

Lady even nurses the kittens some when the real mother isn't around.

News Brief

Mr. and Mrs. Lloyd McAttee of Canyon have returned from a recent visit with their daughter's family in Phoenix, Ariz., where they stayed 10 days. Upon returning, they brought their grandson, David Lloyd, 9, with them. His parents, Mr. and Mrs. Dan Gayler, came up a few days ago and took him back home.

One of the youngsters at a science teaching workshop at West Texas State University tastes bread with various sugars and sour-tasting foods on it as a part of an experiment run by participants. The students, from Rex Reeves Elementary School, helped in the workshop Tuesday and Wednesday.

Reading Conference Set

The 17th annual reading conference for the West Texas State University chapter of the Texas Association for the Improvement of Reading (TAIR) will be held on campus Aug. 5-7.

Consultants for the conference are Dr. Bernard R. Belton, professor of education, Oklahoma State University, and Mrs. Peggy Brogan, managing editor of special education projects, Holt, Rinehart, and Winston, Inc.

General assembly for the conference will be at 8:45 a.m. and 1:45 p.m. each day in the ballroom of the WTSU student union building.

Members on the local committee for the conference are Mrs. Frances Halter of Media Reading, Amarillo; Robert Holman, assistant superintendent of schools, Hereford; Dr. Helton Wilbur, assistant professor of education, WTSU; and Dr. Ruth Lowes, professor of education, WTSU.

A fee of \$7.50 will be charged to those attending the conference for the full three days. The cost is \$3 for one day.

Dormitory accommodations are available throughout the conference. Those requesting dormitory accommodations should write to the dean of women at WTSU.

Reading conferences will be held in 12 colleges and universities in Texas during 1969. An estimated 10,000 will attend the 12 conferences, Dr. Lowes said. She estimated 500 will attend the WTSU conference.

TAIR was organized in 1947 as a department of the Texas State Teachers Association. Dedicated to a better reading program for Texas students, the organization held its first conference in 1948.

Area Teachers Attend Class On Science

Participants in the Problems in Teaching Elementary Science workshop at West Texas State University worked with Rex Reeves Elementary School children Tuesday and Wednesday in applying new methods of teaching.

Resident's Father Dies

Funeral services for Lester Butler Dean, 55, were conducted Tuesday at the Tenth Street Church of Christ in Friona.

Other members of the family, Mrs. Loreen Dean, 49, her daughter, Paula, 13, and Marty Dean, 6, were also buried in the rites.

The family died as a result of an automobile accident near Decatur Saturday.

Among survivors is Mrs. Phyllis Tatum of Canyon, a daughter of Dean.

Thirty-eight Panhandle teachers are participating in the workshop- Education 570- which is instructed by Dr. Burl Brim, professor of education at WTSU, and Mrs. Alta Smith, elementary specialist for PESO.

Tuesday and Wednesday, the school teachers split into pairs and each pair worked with one child. One of the pair worked directly with the child while the other observed.

The workshop is basically concerned with the "process" or "inquiry" approach of teaching science, a method developed by Dr. David Butts, director of the Curriculum Demonstration Center at the University of Texas at Austin.

Another consultant to the workshop has been Dr. George Fishbeck, coordinator of science education in the Albuquerque, N. M., public schools. The three-week workshop ends Friday.

He went with a group of friends from his home town of Farmington, Minnesota.

Approximately eighteen intermediates, Young People, and sponsors from the Hollywood Baptist Church attended the Associational Youth Rally at the Baptist Encampment Grounds, recently.

The rally included such things as swimming, softball, and other entertainment provided in an afternoon session.

Mike Martindale suffered a broken arm recently when he fell from a horse. The break actually wasn't discovered for about a week after the accident because Mike didn't complain or the area didn't show damage or swelling.

Mike is the seven-year-old son of Mr. and Mrs. Jerry Martindale.

Boy Scout Troop 130 is spending the week at Camp Don Harrington this week. The troop, sponsored by the Hollywood Baptist Church, is led by Scoutmaster, C. O. Hillman with Billy Walker serving as assistant leader.

Mr. and Mrs. John Goodwin and family have recently moved to Shreveport, Louisiana where John will be involved as a Physical Therapist at the Willis Knighton Hospital.

Intermediates and Young People of the Hollywood Baptist Church held their "Teen-Time" last week with religious study at the church.

Historical Dedication Is Sunday

An official Texas Historical Marker for Hamblen Drive will be dedicated Sunday, June 22, at 3 p.m.

Those attending will meet at the Claude News office for dedication of an historical marker there by Mrs. Oliver Austin, chairman of the Armstrong County Historical Survey Committee, and Charles Woodburn.

The group will then drive from Claude to the Roadside Park south on Highway 20 (eight miles northeast of Wayside) for dedication of the "Hamblen Drive" marker which is sponsored by the children of W. H. and Ada Hamblen.

Marshall Formby, state highway commissioner when the new road was completed, will dedicate the marker on Hamblen Drive.

Following the dedication, friends, relatives and neighbors are invited for a picnic dinner in the Wayside Community Center.
